New Series: Vol. IV, No. 39

BARBOURVILLE, KY., FRIDAY, JULY 16, 1915,

Old Series: Vol VIII, No. 34

READY FOR THE ROAD

THE Kentucky Tuberculosis Commission in an endeavor to reach the people of the rural districts of certain counties in the state has equipped an automobile with an entire outfit for producing moving pictures. Films regarding tuberculosis, supplemented by stereopticon slides and accompanied by a lecturer, were used last summer to reach over 21,000 people in nine different counties. Most of the demonstrations were given in the open air, besides country churches and schools, and in every case the teachers and physicians of the county have co-operated heartily in taking this message of good health to as many people as possible. The record attendance was 750 in one evening at a tiny village several miles from the railroad. This equipment will be used again during the coming summer.

Administration Building and Infirmary, Hazelwood Sanatorium, Louisville

THIS building, with adjacent cottages, is the only place in Kentucky for the treatment of any case of tuberculosis except for the Jefferson County Institution, Waverly Hills Sanatorium and the Little Jackson Hill Sanatorium at Paducah. While patients in all stages of the disease may here receive the essentials of treatment, namely, medical supervision, fresh air, rest and correct diet. The rates are \$12.50 per week. Any person interested in obtaining treatment here should address Dr. Oscar O. Miller, Resident Physician, Hazelwood Sanatorium, Rural Free Delivery No. 2, Louisville, Ky. The lead nurse is Miss Catherine Hoot of Louisville.

Prominent physicians from all sections of the state comprise the medical advisory board, of which Dr. Ap Morgan Vance is chairman. F. A. Sampson is superintendent.

Home Care of Consumption

HAVE you tuberculosis, and must you make your fight at home like this fellow? Then here is help for you.

THE STATE TUBERCULOSIS COMMISSION AT THE CAPITOL BUILDING, FRANKFORT, HAS PREPARED A BOOK ON THE HOME CARE OF CONSUMPTION WHICH IT WILL SEND ON REQUEST FREE TO ANY CONSUMPTIVE OR TO ANY PHYSICIAN OR HEALTH OFFICER IN THE STATE. THIS BOOK WILL TAKE THE PLACE OF THE PHYSICIAN IN ANY CASE. IT IS INTENDED TO HELP THE DOCTOR AND THE PATIENT.

The book gives helpful suggestions about how to use fresh air; how to prepare attractive dishes for the patient; how to protect the family, so that the disease will not spread to others. Prominent physicians, nurses and social workers have written and approved the book. Any one who needs the book can secure a copy by writing the Commission at its office in Frankfort.

Danger Signals

NATURE has planned some signals to show danger to a person's health. The signals which may indicate tuberculosis are given below:

First.—A cough that hangs on for more than a month.

Second.—A gradual, steady loss of weight, and often of appetite.

Third.—A slight feverish condition, lasting a little while every afternoon.

Fourth.—A loss of strength or energy.

Fifth.—Streaks of red in the sputum.

Sixth.—Sweats at night.

Any one of these things may indicate tuberculosis, and they may indicate something else. If any one of them persists more than a month without any sign of recovery, go to a doctor and ask for a careful examination. It may not be tuberculosis, but it is best to know exactly.

Do not trust in any patent medicine to relieve you of any of these symptoms. Most patent medicines do more harm than good.

This information, given by the Kentucky Tuberculosis Commission, is accurate, and a knowledge of these things applied to your own condition, if you have tuberculosis, may lead you to the physician in time to be saved.

Home Treatment For Tuberculosis In Summer

BUILD a floor on a dry bit of ground. It is best to have it raised a few inches above the ground. Erect a tent over it, get a reclining chair and some simple furniture, and you are ready for a cheerful life at home while you fight that dread enemy, the Great White Plague.

Special Registration

All voters who failed to register for lawful reasons last October may register on the 24th day of July at the office of the County Court Clerk.

WARNING TO AUTO OWNERS

The Automobile Department at Frankfort will contribute to the State road fund for the year 1915 about \$120,000. This is double the receipts of any previous year.

When the 1915 plates were ordered, more than a year ago, it was estimated that 10,000 pairs would be sufficient but more than 15,500 have already been issued.

The total receipts of the office to date this year are \$102,000 and would have been very materially increased had from the fact that 5,750 old cars and all new cars have paid only the proportionate part of the fee for the license to run to Jan. 1st 1916.

When the Acts of the General Assembly of 1914 became effective there were 5,750 licenses that did not expire Jan. 1st, but ran into 1915. These were the Series "G" licenses with tags of black with letters in white. This has caused much confusion as there were two kinds of tags good during the first six months of 1915 and many people laboring under the mistaken impression that a large number of cars were being operated on improper licenses. This confusion was removed on June 16th and all tags now in use should show the date "1915" on the right hand end of the plates.

Local officers in many places are arresting all motorists seen with improper tags, and to avoid trouble all drivers should see that cars are registered for this

To the Voters of Knox County:—

I am a candidate for the Republican nomination for Clerk of the Knox Circuit Court. I am now and have always been a Republican, all of my family on both sides are life-long Republicans. I have always been found at my post as an official. I have never missed a day when Court was in session. My opponent while he was Sheriff was seldom on duty, leaving the work of waiting on the Court and summoning jurors to the jailer or some deputy. I have made you a record at my own expense in typewriting which anyone can read and understand. You don't have to employ a lawyer to read it to you.

I am better qualified now, and will make you a better officer in the future than in the past. I am a poor man as will be shown by the records and my opponent is a very wealthy man, he is a dealer in live stock, a coal operator, his farm is being split wide open by the railroad running from Barbourville to Manchester, and I am told a station will be made on his farm which will make him still wealthier as there will most sure spring up a good sized town at that place and he will be selling town lots at an enormous price. He would not attend to the office if he had it, he would always be found at some other job.

It has always been a custom in this County to give a Clerk a second term; his brother was elected to a second term. My opponent has just gone out of one of the best offices in the gift of the people, that of Sheriff. You have voted for him as many times as you have voted for me. Will you give me the same just consideration in this that you have heretofore given the other Clerks. I want to serve you one more term. I am a cripple in the feet and legs, not in the head or heart, he is a strong man physically, and can do other work. I ask your support and assure you, if elected, your interest will be taken care of in the best way possible.

Thanking you for past favors and trusting you for your support in the Primary to be held August 7, 1915, I am,

Your obedient servant,

W. H. McDONALD.

NOTICE

First Meeting of Creditors in the District Court of the United States for the Eastern District of Kentucky.

In the matter of Tye Wheeler Coal Co., Bankrupt. In bankruptcy No 1129.

To the creditors of Tye Wheeler Coal Co., of Ely in Knox county and district aforesaid, a bankrupt.

Notice is hereby given that on the 10th day of July 1915 the said Tye Wheeler Coal Company was duly adjudged bankrupt; and that the first meeting of creditors will be held at Barbourville, Ky., on the 21 day of July 1915 at 10 o'clock in the forenoon of said day, at which time the said creditors may attend, prove their claims, appoint a trustee, examine the bankrupt, and transact such other business as may properly come before said meeting.

This 10th day of July 1915.

W. W. Tinsley, Referee in Bankruptcy.

Free Counterpane

A beautiful linen, hand made, crochet counterpane, worth \$50, will be given away by The Little Shop. With every dollar cash purchase a numbered ticket will be given, numbers being 1 to 1,000. A number has been drawn by the Mayor, sealed and placed in the First National Bank, to remain there until all tickets are drawn out. When these 1,000 tickets are all issued the sealed number in the bank will be taken out and the ticket holder whose number corresponds with the sealed number in the bank will receive this valuable prize. A record of ticket holders will be kept at The Little Shop and the name of the lucky ticket holder will be announced in this paper.

Our Schools

The schools of any state, county, or community are its most valuable possession.

They may not be declaring the greatest dividends, but it is not because of their low value. It is because, like many businesses, they are not managed as they should be. How many times does one see a good farm that does not pay. It is not because of the poor management of the farm, but because it is badly managed. Wrong crops are raised, poor tools are used, markets not studied, time is wasted. It is the same with a business. Stores fail to make a profit, mines fail to yield a good income, not because they are worthless, but because poor business methods are practiced, some one fails to study the problems and make the enterprise succeed.

The same thing is true with a school. It is often the case that a school is not worth a tenth part what it costs. In fact, I have seen schools that were a positive loss to the community, because were teaching the wrong things, using bad methods, filled with a wrong ideal, "slothful in business." But that did not make me believe that schools are a failure, any more than I believe that farms, stores, mines, are failures because they are sometimes poorly managed. Education is a big business as well as a vitally important business, and it can only be made a success when it is carried on according to right methods. A generation ago a man could do very well in mercantile business with very little thought or experience, following any haphazard method that suited him. There were then few men in the business who had studied the art and science of selling goods, but that is no longer true. The same may be said of farming, and almost any other trade or profession.

New conditions have made the former methods a failure.

There was a time also when very fair results could be secured by almost any one in almost any kind of a school house, but conditions are changed. The world has advanced. The methods of a generation ago are as useless as an old time sickle in a modern wheat field. The public school today is not merely a place where a few facts may be learned, it is the one place where every child has a chance to be put into touch with the great onward movement of the world, if it is what it should be. It should show to every one a road to health, to prosperity, to happiness, to the fullness of life, intellectual, moral, and spiritual. It must teach the farmer's son and daughter the things that they must know to make the farm and the farm-home not only good places to be born, but the best place on earth to live. It must minister in like manner to every type of home that it touches. It exists that the community "may have life," and have it abundantly.

In order that these larger works of the school may be accomplished the three great elements that it must understand each other and work in harmony. These three elements are the teacher, the school officials, and the people who pay for the school, who control it by their votes, and for whom it exists. Schools that fail to do effective work do so largely because these three forces do not work together.

Let me again call attention of all candidates and their friends to the law denouncing the crime of vote buying and vote selling, and the use of intoxicating liquors to influence voters in elections. The same law applies to both primary and general elections, and is broad enough to cover all phases of wrong doings in elections. On August 7th, we will have a primary election for the nomination of candidates of all political parties. No candidate or other person, can use, either for himself or another, directly or indirectly, money or other things of value, whiskey or other intoxicants, to influence a voter in the coming primary, without violating the law, and subjecting himself to a heavy fine or imprisonment or both, and the far greater penalty of being forever after disqualified from holding office, and be excluded from voting in any election. These penalties are severe, but one who willfully violates these statutes can claim no sympathy and will receive none, when indicted and arraigned upon the charge.

In order that no person may be taken advantage of and that all may know in advance the purpose of the Court to have a thorough investigation of the election, at each voting precinct in Knox, Whitley and McCreary, I am issuing this statement. Let no man be deceived. No guilty person, no matter how influential, or powerful in politics, or otherwise, will be able to escape indictment, and prosecution, if he violates the election law. A special Grand Jury will be empaneled, in each of the aforesaid counties, and vigorously instructed to probe the whole election by precinct, and the doings of each candidate and his workers. No person will be accepted as a member of the grand jury who has taken active part in the election, except to vote. Only good, strong, true, sober, discreet citizens, who believe in the enforcement of the election law, will be able to qualify, and that, too, after they declare their willingness to undertake the work with vigor and a full determination to bring to justice all who have violated the election law.

All election officers, including challengers and inspectors, at each precinct in all three counties, will be summoned and required to appear before the grand jury and testify. All candidates and their "workers" from all parts of these counties will be likewise summoned and no one will be excused. The bankers will be called to give information concerning money used, and the express and freight agents to tell of the shipment of whiskey.

All good citizens of each county should organize; sound the warning, and have detectives at each voting place to take names and furnish information, to the prosecutors, and then all stand together, for the enforcement of the law, so that in the future the ballot shall be free and untrammelled.

The practice of hiring men to ride through the country and electioneer for a candidate is both improper and unlawful. It is an imposition on the voters, and the money thus expended is generally intended to and does bribe and influence the man thus employed. The man who has to be hired to electioneer for a candidate is himself bribed when he accepts such employment. The electorate must not be imposed upon by these hired agents and "strickers", because they are emissaries, carrying falsehood and slander for pay. Such a man is no better than he who sells his vote outright. He is attempting to sell his influence and his friends

VOTE FOR W. F. Parker of Barbourville, Knox County, Ky., for the Republican nomination for Representative. A man who knows the needs of the district, a man who is a friend to the farmer, the teacher, the miner, and the laboring interest of the State. He is the strongest candidate and will add strength to the ticket in the final campaign.

Help Parker - who has made a hard fight for himself in this world, and for the success of the party.

When you cast your vote for Parker you are helping nominate the man who is the choice of the majority of the people. And he will help your ticket win in November. Don't be deceived, tie to Parker, he is going to win.

(adv.)

both for money. He is betraying his friends, if he has any, and selling himself all for one price. The grand jury will be directed to seek out such bribe takers and indict them along with those who sell at the polls.

In order that all offenders shall be prosecuted alike, and that no one may expect immunity, a special Commonwealth's Attorney will be appointed in each county for election cases. In the selection of this officer, care will be exercised to secure the most fearless and aggressive prosecutor at the bar, and he will have charge, both in the grand jury room and in the trial of such cases as arise upon indictment.

This can and will be a clean primary, if the good people of the district will but demand it, and stand for law enforcement. The last few elections have shown wonderful improvements over the old corrupt methods, when men were drunk and disorderly, and buying and selling was open and passed unpunished. But we now have more advantages and light, and should act accordingly. An election should be an orderly and sane affair, free from bribery and above common drunkenness. And this will come, as it is sure to come, through the law abiding citizenship, aided by the Courts.

F. D. Sampson, Judge
31st Judicial District.

(or so much thereof as may be necessary to satisfy the plaintiff's debt, interest and cost) to wit: all the rights, titles and interests in the following described real estate belonging to the said J. H. Campbell and bounded as follows:

Bounded on the north by the lands of S. B. Dishman, on the east by the lands of Henry Helton and F. D. Sampson, on the south by G. M. Faulkner, L. C. Miller and W. H. Campbell on the west by the lands of W. H. Campbell.

The above sale will be made on a credit of six months with approved surety. The amount of debt, interest and cost to be raised on the day of sale is approximately \$116.10.

S. L. Lewis, Sheriff Knox County.

SHERIFF'S SALE

By virtue of execution No. 38-19 directed to me, which issued from the Clerk's office of the Knox Circuit Court in favor of L. W. Hampton, against W. M. Parker and by virtue of execution No. 3820 directed to me, which issued from the Clerk's office of the Knox Circuit Court, in favor of Lewis W. Hampton, assignee of John Hampton, against W. M. Parker. I will on Monday July 26, 1915, at the Courthouse in Barbourville, Knox County, Ky., expose to public sale to the highest bidder the following described real estate (or so much thereof as may be necessary to satisfy the plaintiff's debts, interest and cost) to wit: the undivided, one-third share, of W. M. Parker in the undivided, one-half interest, in the lands which descended to him as an heir at law of James W. Parker, deceased, situated in Knox County on the waters of Poplar Creek, and bounded on the N. by the lands of Hiram Logan, on the East by lands of Gill Cobb, on the South by the lands of Gill Cobb and on the West by the lands of Mat Hopper and Miner Logan, subject to the lower interest of Rebecca Parker.

The above sale will be made upon a credit of six months with approved surety. The amount of debts, interests and cost to be raised on the day of sale is approximately \$140.00.

GEORGE THOMPSON

Lily, Ky.

I can say to all people that are suffering with Pellagra and stomach trouble to use Bingham's Herb Medicine. I had a bad case of it. I couldn't eat anything but what it would hurt my stomach. I reduced flesh about six months. When I commenced taking Bingham's Herb Medicine I weighed 90 pounds and now I am well and weigh 135 pounds and feel as well as I ever did. I commenced taking Bingham's Herb Medicine Oct. 12, 1914. I have used seven treatments and it cured me. If anybody doubts my testimony, write to me. God knows this is a true testimony.

MRS. ALICE DOWELL

Straight Creek, Ky.

I want to give my true testimony to everybody, what Bingham's Medicine has done for me. I had been sick over a year and I had doctors with different medicines and I had stomach trouble and female trouble and a run down system and was not able to do anything for six months and was very bad off. They had me in the hospital at Pineville and no doctor could cure my disease. When I came back home I heard of Bingham curing several different people here in the mining camps. I told one of my neighbors to send Mr. Bingham to my house. When he came in the camps again, he came to my house about the first of Nov. 1914, and I just could sit up in a chair and I told him that I wanted to try his medicine and he told me he could cure me if I would take his Herb Medicine long enough. I bought a 12 days treatment of his medicine and it helped me and I took his medicine on and got better right on and in a month I was able to go to the store and to do my trading and all of my work around the house and in two months from the time I began taking his medicine I was well. I weighed about ninety pounds when I commenced taking Bingham's Medicine and now I weigh 118 pounds, that is my standing weight. If anybody don't believe my testimony write to me. I do praise the Herb Medicine for what it has done for me and I advise all sickly people to use the Herb Medicine.

NANCY THOMPSON

Wife of Walter Thompson,
Varilla, Ky.

I had Pellagra four years and had a bad case of it, and was unable part of my time to do anything, and had doctored with different doctors and they told me if I would leave here and change climates I might get well, and I fixed to leave and my husband went over to Straight Creek mines and saw Sparks, Walter and Maggie Allen and they told him that Bingham had cured

Reading from left to right the first man in the picture (with the bottle in his hand) is W. M. Bingham, who makes and sells this great medicine, Geo. Asher, Mrs. S. J. Sevier, Mrs. Maggie Allen. These people have been cured by Mr. Bingham's medicine. Many other cases have been cured, and he is still curing them.

them of Pellagra and other troubles. My husband told me about it when he came home and I went over to Straight Creek mines and met Bingham and had a long talk with him about curing Pellagra and Bingham said if I would use his Herb medicine long enough it would cure me, that he had cured many other cases. I bought a 12 days treatment and took it and went to getting better every way. I commenced taking his Herb Medicine Oct. 5, 1914, and took \$8.00 worth of it cured me. I am well and hearty, and I advise every body to use Bingham's Herb Medicine, it will sure cure them.

MR. GEORGE ASHER

Straight Creek, Ky. Aug. 1, 1914
I had Pellagra and stomach trouble, the doctors failed to cure me. W. M. Bingham, of Himyar, Ky., came to my home with his Herb Medicine. He said he could cure me. In seven weeks after I commenced taking his medicine, I was well and able to go in the mines and work. I advise everybody to use Bingham's Herb Medicine.

George Asher.

MRS. S. J. SEVIER

Straight Creek, Ky.

Mr. W. M. Bingham:
I write you to-day to let you know that I am well. I think I have taken enough of your medicine. I have been taking it about two months and I feel as well as I ever did and I can eat anything I want. When I began taking your medicine I was very sick. I had stomach and liver trouble, and Pellagra and could not eat anything that would not hurt my stomach, but now I eat anything I want and have gained several pounds.
Yours truly,
Mrs. S. J. Sevier.

MRS. SUSIE DYER

Mrs. Susie Dyer, Bailey's Ky. makes the following statement: "I can say to all who are suffering with Pellagra to use Bingham's Herb Remedy. I had Pellagra and was bothered with my stomach I commenced using Herb Medicine September 10. The first treatment helped me and I used about five treatments, and that cured me. I am as well and feel as well as I ever did. I can eat hearty and have gained several pounds. God knows my statement is true. You try the Herb Medicine and it will be the witness."

SPARKS WALLER

Straight Creek, Ky.

I had a bad case of Pellagra about a year ago. I tried the doctors and they could not do me any good. I had running sores and turned very dark. Mr. W. M. Bingham, of Himyar Ky. came to my house August 10, 1915, with his Herb Medicine. I was sitting on my bed, and he told

me if I would use his medicine it would cure me. I took a twelve days treatment, and commenced getting better. I used his medicine and in eight weeks I was well and feeling as well as I ever did, and feel stouter than I ever was. When I commenced using this medicine I weighed 110 pounds and I now weigh 177 pounds. I advise every one who has Pellagra to use Bingham's Herb Medicine.
Sparks Waller.

MRS. MATTIE ROBERTSON

South Corbin, Ky., Mar. 3, 1915.

I can praise Bingham's Herb Medicine for what it has done for me. When I began taking Mr. Bingham's Herb Medicine, Jan. 1, I weighed 140 pounds I took four pints and now weigh 165 pounds and feel better than I ever did. When I commenced taking this medicine I had bad stomach trouble, at times I could hardly do my house work. I would get worse and I am sure I had Pellagra. My husband heard of this medicine and got one pint for me and I commenced taking it and one pint helped me. My neighbors say I don't favor myself, I have gotten so leasy and feel so well. I can work all day and don't get tired now and can eat anything and praise the medicine for what it has done for me. I advise all who have stomach trouble or Pellagra to use Mr. W. M. Bingham's Herb Medicine and get well. What a blessing good health is.
Mrs. Mattie Robertson.

MRS. MAGGIE ALLEN

Straight Creek, Ky. Nov. 18, 1914

I had Pellagra and liver trouble for three years, and I have doctored with different doctors and they all failed to cure me. Mr. W. M. Bingham, who lives at Himyar Ky. came to my house August 1, 1914, with his Herb Medicine and told me he could cure me, I was bad off then and not able to do anything. I took a twelve days treatment of his medicine and his Herb Medicine helped me. In seven weeks from the time I began taking the medicine I was well and I felt better than I ever did, but I used his medicine after I got well for about a month. In about two months and a half I gained 40 pounds. I advise every one who has Pellagra to use Bingham's Herb Medicine. I believe it saved my life, and that I would have been dead now if I had not took it. God knows my statement is true.
Mrs. Maggie Allen.

RACHEL ADKINS

Corbin, Ky.

I was taken sick about two years before I commenced taking Bingham's Herb Medicine, with a strange disease. Doctors could not cure me I got worse and

worse all the time, doctors said I had bad stomach trouble, female trouble and kidney trouble. I was down and unable to get out of my house for five months. I had several doctors to doctor me and I had spent all I had. I got awfully weak and I could not eat anything but what it would hurt my stomach and make me sick and throw up. Mr. W. M. Bingham from Himyar, come to my house Dec. 1, 1914, and wanted to sell me some medicine and I told him that I had doctored with different doctors and none of them could cure me. I was so weak that I could hardly talk to him. He prevailed with me to try a treatment of his Herb Medicine, he said he believed he could cure me. I bought two treatments of his Herb Medicine and I went to taking it and commenced getting better. I used \$7.00 worth of his medicine and it cured me. I am well and can do any kind of work and feel as well as I ever did and can eat anything I want now and it won't hurt my stomach. I have gained 30 pounds in weight. I advise every body to use Bingham's Medicine. God knows my statement is true and if anybody doubt it write to me at once.
Rachel Adkins.

MRS. CARNIE MILLER

Himyar, Ky.

I had a bad case of Pellagra, stomach trouble and female trouble for about 4 years. I took spells and didn't think I could live. I tried several doctors and they could not do me any good. On July 5, 1912, I commenced taking Bingham's Herb Medicine and in two months and a half I was well. I have been well two years and advise all persons who may have these diseases, to use Bingham's Herb Medicine, it will cure you.
Mrs. Cornie Miller

MRS. MARY ELLIOTT

Pineville, Ky.

I had rheumatism, liver and stomach trouble. I could walk only a little bit around the house. I could not do any work. I commenced taking Bingham's Herb Medicine and the first treatment helped me, and I took the medicine six or seven weeks and it cured me. I feel as well as I ever did, and can do any kind of work. My testimony is true and the medicine will prove it to anyone who will try it. It is a winner.
Mrs. Mary Elliott.

REMEDY EQUAL TO TANLAC

William H. Howard Says He Tried Everything Else Without Help.

Louisville, Ky., July 15 1915. William H. Howard, who lives at 225 West Jefferson street, here, and is widely known as an advertising man, is one of those who declares he has been greatly benefited by Tanlac, the premier preparation.

"For a long time," he said recently, "I suffered from a catarrhal affection of the stomach and I never have found anything which did me so much good as Tanlac. I had used pretty nearly everything before, my friends recommended Tanlac to me. It helped me almost at once, and I am glad to offer public testimony to its value."

Chronic catarrh, which affects the mucus membranes, is one of the most prevalent and distressing maladies known. The trouble is almost universal. Offensive breath, coughing, nervousness, sneezing, headaches, poor digestion, loss of appetite, unsound sleep and susceptibility to colds are among the results from the malady.

Tanlac has proved of special value in the treatment of catarrhal troubles. Hundreds have testified to the good it has done them. It is now being sold in Barbourville, at the Herndon Drug Company's drug store.

Teachers Adopt

Resolutions

WE, the teachers of Knox County, in Institute assembled, adopt the following resolutions:

First, we approve the method of our instructor, Prof. C. D. Lewis, in conducting our institute. He has shown himself to be efficient, skillful, sympathetic and inspiring. We believe, that as a result of his leadership, the schools of Knox County will be benefited to a very large degree. We commend him to the school officials of the State.

Second, we adopt as our motto for the school year the slogan of our instructor, that we regard it as our chief aim to touch and change for good the physical, social, economical, moral and spiritual conditions of the community in which we teach.

Third, realizing that the child is largely influenced by his surroundings and environments, we pledge ourselves to organize into a civic band for the purpose of beautifying our school rooms and grounds and that we endeavor at all times to instill in them the love of home and devotion to the best interests of their communities.

Fourth, recognizing the fact that human happiness and progress is very largely dependent upon physical well being and that many fatal diseases are conveyed by impure water and unsanitary surroundings and that many children suffer from the effects of adenoids, enlarged tonsils, and diseases of the eye, and other bodily afflictions which handicap them in the race of life, we recommend that the teacher inform himself regarding these conditions and that we enlist the support of the school officials, the community and the medical profession in eradicating these diseases and correcting these conditions.

Fifth, we are in sympathy with the effort that is being made to elevate the standard of teaching in the State and to secure it we favor the enactment of a law by the General Assembly requiring at least two years of standard High School work or its equivalent as a requisite for teaching after 1919.

Sixth, while we insist upon the

elevation of the standards for teachers, we maintain that the salaries paid them for their work should be in proportion to their increased efficiency. We recommend the enactment of a law by the next General Assembly fixing the maximum salary at eighty dollars and the minimum salary at fifty dollars.

Seventh, believing that the school term of six months is inadequate and that an additional month would not be sufficient, we favor a nine month term for the rural schools of the State.

Eighth, believing that school officials should be removed as far

as possible from partisan politics, we favor an amendment to the constitution of the State which will enable the people to elect their State and County Superintendents at a different date from the one on which the State and County officials are elected.

Ninth, we stand for increased efficiency, for progress along intellectual, economical, moral and spiritual lines, for higher ideals, nobler purposes and leadership along loftier paths and to secure these we pledge our best efforts during the coming school year.

I AM THE NEWSPAPER

From an address delivered by Joseph H. Lion, president Nicholas-Lion Advertising Co., Chicago, before the Associated Advertising Clubs of the World Convention

BORN of the deep, daily need of a nation I am the Voice of Now—the incarnate spirit of the Times—Monarch of things that Are.

My "cold type" burns with the fire-blood of human action. I am fed by arteries of wire that girdle the earth. I drink from the cup of every living joy and sorrow. I sleep not—rest not. I know no night, nor day, nor season. I know no death, yet I am born again with every morn—with every noon—with every twilight. I leap into fresh being with every new world's event.

Those who created me cease to be—the brains and heart's blood that nourish me go the way of human dissolution. Yet I live on and on.

I am Majestic in my Strength—Sublime in my Power. Terrible in my Potentialities—yet as democratic as the ragged boy who sells me for a penny.

I am the consort of Kings—the partner of capital the brother of toil. The inspiration of the hopeless—the right arm of the needy—the champion of the oppressed—the conscience of the criminal. I am the epitome of the world's Comedy and Tragedy.

My responsibility is infinite. I speak, and the world stops to listen. I say the word, and battle flames the horizon. I counsel peace, and the war-lords obey. I am greater than any individual more powerful than any group. I am the dynamic force of Public Opinion. Rightly directed, I am a Creator of Confidence. A builder of happiness in living. I am the backbone of Commerce. The Trail-Blazer of prosperity. I am the teacher of Patriotism.

I am the hands of the clock of Time—the clarion voice of Civilization.

I am the Newspaper.

Artemus

When is a "Terror" not a "Terror"? When he is beat.

Ciel Lambdin, of Barbourville, was the pleasant guest of Miss Nora Lee Rice Wednesday evening.

J. A. Whittaker, the popular grocery salesman of Pineville, sold his trade here Thursday.

T. H. Hayden spent a couple of days in Louisville this week.

W. R. Marsee spent a few days this week looking after his Perry County coal interests.

Mrs. J. M. Warren and children, of Tinsley, were the guests of relatives here this week.

Quite a number of our boys attended the ball game at Warren Wednesday and report it to have been the fastest article that has been put up in this section for sometime.

Messrs. Dan Herndon and "Bill" Riley called on the Artemus fair sex Sunday.

S. P. Carmack, the popular Manager of the Warren Baseball Club, enjoyed a beautiful Sunday in Artemus.

Mrs. T. A. Cox returned Sunday night after spending a week with her parents, Mr. and Mrs. N. B. Rash, at Middlesboro.

Miss Gete McNeil spent the week end with Mr. and Mrs. B. F. Logan at Pineville.

Misses Margaret Newson and Carrie Davis spent Monday afternoon in Barbourville.

G. B. Detherage, known among his friends as the "Guardian of Good Roads" spent Sunday in Artemus.

Is it a waste of space when it takes a column to confess your ignorance, when another fellow can tell all he knows in a few words?

W. F. Wilson, the genial Cumberland Agent, spent Saturday afternoon in Barbourville. He reports the Courthouse reposing in its accustomed place.

L. T. Helton, Postmaster, Merchant, and energetic director of the Terrors, transacted business in Barbourville Tuesday.

J. B. Snyder was here Friday in the interest of his candidacy for Prosecuting Attorney.

Manager Helton and his Terrors continue to play winning ball. The Bennettsville Bunglers were again defeated last Friday by a score of 11 to 5 and not being satisfied with that victory, the Terrible Terrors defeated a packed nine from the first team in a seven inning game by a score of 6 to 4.

It has been suggested that a "Knox County League" be organized to be composed of Warren, Bennettsville, Artemus, Barbourville. This would make a nice combination from an economical stand-point, the expenses would not be heavy and much interest could be aroused. Artemus is heartily in favor of it and would be glad to hear suggestions from other managers.

The Artemus base ball fans were very much disheartened when the Pineville bunch failed to show up last Saturday but this was only short-lived for a game was soon arranged between Barbourville and the home team. Both teams were badly patched up, a number of the "STARS" being short, but never the less when play was called two husky teams took the field for play. Although the field and mound was in very bad shape from the rains, a very snappy game was

WHY YOU ARE NERVOUS

The nervous system is the alarm system of the human body. In perfect health we hardly realize that we have a network of nerves, but when health is ebbing, when strength is declining, the same nervous system gives the alarm in headaches, tiredness, dreamful sleep, irritability and unless corrected, leads straight to a breakdown. To correct nervousness, Scott's Emulsion is exactly what you should take; its rich nutrient gets into the blood and rich blood feeds the tiny nerve-cells while the whole system responds to its refreshing tonic force. It is free from alcohol. Scott & Bower, Bloomfield, N. J.

played. Both teams were nip and tuck for the first four innings neither being able to score, but in the first of the fifth Barbourville managed to shove three tallies across the pan. Artemus came back a little stronger in the fifth and by the time the smoke had cleared away Artemus was leading by one point. Everything went nice until the eighth when Barbourville shoved three more across and again pulled the same over in their half of the ninth thereby cinching the game.

Both Medonald and Perkey pitched good ball but were not given the best of support as the players were very much handicapped by the slippery condition of the diamond and the fans were kept in an uproar most of the game when some one of the fielders would try and imitate some of Tye Cobb's great slides, while they were fielding the ball. Little Lewallen, Artemus left fielder, made some very beautiful catches in that respective garden.

The Western Theater of War was the scene of another nine days battle beginning last Wednesday on the plains near Barbourville. Field Marshal General Sir Tilden Helton, accompanied by nine brigades of Terrors, stormed the strongly entrenched Pedagogic forts in the plains. General Helton's plan of action was unique in the annals of modern warfare and it would not be considered a breach of confidence to describe it, we do not believe. General Jones' heavy brigade was left to guard the supply base at home and Marshall Sir Helton put General Hemphill's brigade on the initial mound ninety kilometers away. At right angles ninety kilometers to the west was Gen. Ricketts and his brigade and General Cooke and his lanky brigade guarded another strategic joint ninety kilometers to the south. Between Generals Cooke and Ricketts, General Lawson and his fleet footed brigade played backward and forward pouring a steady stream of fire into the forts of the enemy. In the rear of these Generals three more brigades with re-inforcements were started. General Fortney was assigned the duty of bringing his brigades up through the center, firing heavily on the enemy as he advanced. General Von Tye and the mighty defenders of the Pedagogic Forts seemed to anticipate every move made by General Helton's brigades of Terrors and for six days General Fortney's seventy six inch guns poured shrapnel after shrapnel effectively into the forts of the enemy. General Von Tye's men became very brave and executed several brilliant turning movements and hurled the shells of the enemy back at them. His ammunition becoming exhausted and his gunners eyes getting weak, it was seen that General Fortney couldn't last long before the terrific cross-firing of Gen. Von Tye's men. Field Marshall Helton executed a very clever movement in inducing both sides to take things cool for a while, all the time awaiting re-inforcements in the shape of General Rice's fresh brigade. After the arrival of General Rice, General Von Tye began another fierce onslaught on the already tired warriors on the side of the Terrors. After a nine day's terrific battle in which several of General Helton's big guns were spiked, the battle scarred Field Marshall made his retreat, taking with him six companies of prisoners while he left sixteen companies

in the Pedagogic Forts, the captives of General Von Tye. From all official reports, General Sir Helton is recruiting vigorously and as soon as sufficient munitions of war are received, he will again attempt to take the forts. It is also rumored that General Von Tye is collecting supplies and will soon attempt to bring his husky Pedagogues through the country around Artemus and attempt to storm the Terrors Trenches located at his point.

Dr. J. A. Lowry came over Sunday from Barbourville and commenced a week's service at our Chapel, a very large crowd was out for the opening service.

Miss Mary Westerfield spent Sunday with the Misses Donahues at Wheeler.

Died of Pellagra

Lucile Ford, wife of Robert Ford, colored died at her home here Sunday with Pellagra, this being the first death from this dreaded malady in our Camp. Dr. Snead, the Camp Physician reports there are several cases in this vicinity.

Disappointed

A large bunch of rooters went to Artemus last Saturday to see Artemus and Pineville play ball, but for some unknown cause Pineville failed to make the ripple and the boys went on to Barbourville and spent the afternoon.

Shot 'em Out

The Barbourville base ball team came in camp last week, accompanied by several fans and their favorite umpire to give the Warren team another beating, but before the game had progressed very far, they realized that they were up against a team that could come back and in one of the prettiest games ever played in this part of the country, Warren shut them out 1 to 0. McDonald pitched a wonderful game for his team but in the pinches, Jim Dixon was his equal if not his master for the the visitors had men on in several innings but the necessary hingle was missing and all they could do was to gather nine safe bingles to Warren's seven. Dixon for Warren struck out eleven of the visiting team and when men were on bases, he was invincible. Lambdin's batting for Barbourville was a feature, he hitting safely three times out of four up, but without a doubt the feature of the game was Charles Dixon's running catch which he managed to swipe off his shoetops and by a quick throw doubled Lambdin off of third. The Warren team

played big league stuff, Raney and Cox saved the game twice for Warren by their fast work. Warren scored the only run of the game in last half of the ninth. C. Dixon opened up with a pretty single and was sacrificed to second by Will Dixon and McCracken met one of McDonald's fast ones over the center of the park for a terrific line drive that Falkner in right misjudged too late to get his jewelaws on the ball going between his hands labeled for a homer and the game was over.

The Barbourville boys are the cleanest bunch of players that Warren has gone up against and when they meet Warren to play off third game, there is going to be a game worth going to see. Most of the fans here want the game to be played on the Artemus diamond which would be fair for both teams.

WOMEN'S WOES

Barbourville women are finding relief at last.

It does seem that women have more than a fair share of the aches and pains that afflict humanity; they must "keep up," must attend to duties in spite of constantly aching backs, or headaches, dizzy spells, bearing-down pains; they must stoop over, when to stoop means torture. They must walk and bend and work with aching pains and many aches from kidney ills. Keeping the Kidneys well has spared thousands of women much misery. Read of a remedy for kidneys only that is endorsed by people in this locality.

Mrs. J. W. Turpin, Pineville, Kentucky says: "I did not sleep well, my back ached and mornings I felt tired. My kidneys were irregular in action. Doan's Kidney Pills removed the pains and regulated the kidney action."
